Mernstack Developer

LinkedIn

SUMMARY

Highly motivated and professional MERN Stack Developer with over 1+ year of experience in building and maintaining full-stack web applications. Proficient in developing robust applications using MongoDB, Express.js, React.js, and Node.js. Skilled in managing complex projects, integrating front-end and back-end systems, and ensuring optimal performance and scalability. Possess strong problem-solving abilities, exceptional communication skills, and a proven ability to work independently and collaboratively as part of a development team.

EDUCATION

Integral University

B.Tech || Computer Science Engineering || 7.9 CGPA
With Honours
2019 - 2023

Christian Inter College

Intermediate
2017 - 2018

Centennial Inter College

High School
2015 - 2016

SKILLS

- **Languages:** Python, Java, JavaScript
- **Web Technologies:** ReactJS, HTML, CSS, Bootstrap, NodeJS, ExpressJS
- **Databases:** MongoDB, MySQL
- **Cloud Services:** AWS
- **Security Tools:** Nagios, Splunk, JWT, Cross-site cookie tokens

ACHIEVEMENTS

Solved 200+ Questions on Leetcode
[Link](#)

Got 95% percentile in Elitmus pH
Test

PROFESSIONAL EXPERIENCE

Associate Software Developer

Neural Nexus Lab | June 2024- Present

- **Full-Stack Web Applications:** Developed web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js), ensuring seamless user experiences and optimal performance. Implemented server-side logic with Node.js and Express.js for efficient back-end processing.
- **React.js Expertise:** Extensive experience in building robust and modular UI components using React.js, enhancing the overall application architecture and ensuring a dynamic and responsive front-end.
- **State Management:** Implemented state management solutions such as Redux or Context API for effective data flow and control of application state within React.js applications.
- **API Integration:** Integrated RESTful APIs into MERN stack applications, ensuring smooth communication between the front-end and back-end, allowing for robust data handling and functionality.
- **Responsive Design:** Developed responsive and mobile-friendly web applications using React.js and CSS frameworks, ensuring a seamless user experience across various devices.

Mernstack Developer

Proficio Software Solutions | Nov 2023- May 2024

- **End-to-End Development:** Designing, developing, and maintaining full-stack MERN applications (MongoDB, Express.js, React.js, Node.js) for various platforms.
- **Integration:** Seamlessly integrating front-end interfaces built with React.js with back-end functionalities using Node.js and Express.js to ensure cohesive and efficient user experiences.
- **Database Management:** Managing databases with MongoDB, optimizing queries, and ensuring data integrity for scalable applications.
- **Collaboration:** Collaborating with cross-functional teams to understand business requirements and deliver tailored MERN stack solutions.
- **Continuous Improvement:** Proactively identifying opportunities for system enhancements and implementing best practices for MERN stack development.
